

Why Insight for renewals & warranty management?

At Insight, we define, architect and implement Intelligent Technology Solutions™ that help your organization run smarter. Our strong supply chain optimization and workplace solutions combined with our data center transformation expertise and modernized applications keep business running, foster flexible work environments and put you at the forefront of innovation.

- 29 years as an IT service provider
- 6,400+ teammates engaged worldwide
- 1,000+ technical services certifications
- Cisco Gold certified partner and Microsoft No. 1 Reseller

How Renewals & Warranty Manager will help your organization

Managing your business — and the technology behind it — should be as streamlined as possible. We simplify the process of managing your software renewals to help you reduce the time and money it takes to run your technology so you can focus on building your business.

The Renewals & Warranty Manager on insight.com empowers you to view and manage all of your software licenses and renewals in one place. Through a personalized dashboard, you get:

- Simplicity and control with renewals at-a-glance
- Budget planning & detailed reporting
- Electronic notifications & custom alerts to minimize risk of expiring products
- Ability to import and store warranty information, regardless of vendor

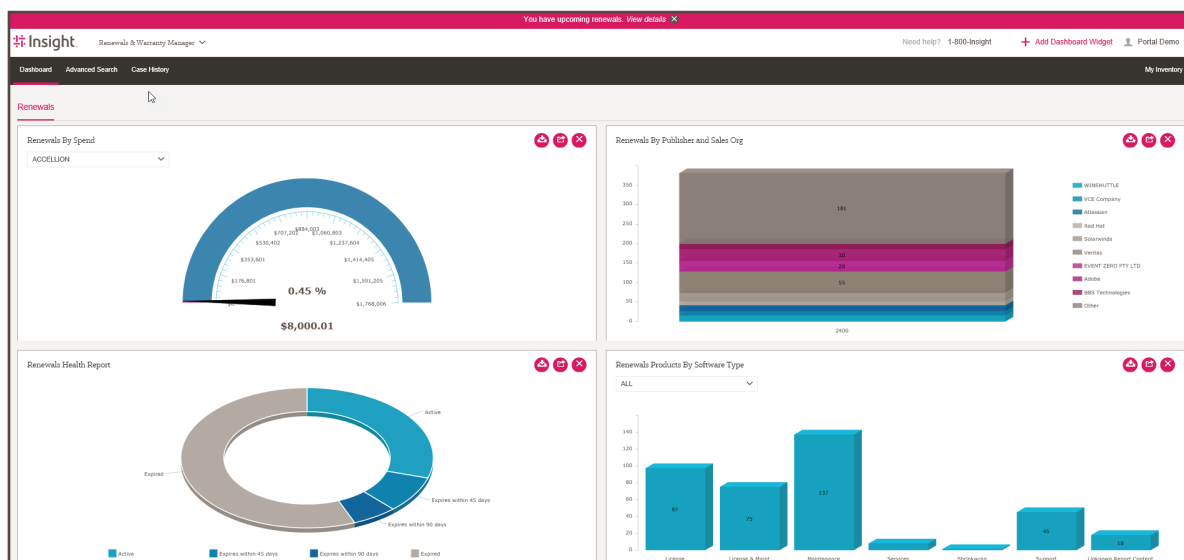

Insight helps you
manage business today
and transform the future.

Software management simplified

With robust features, a simple interface and a consolidated view of your software investments, you're able to spend less time on maintenance — and more time building your business.
